

## BYO Device Setup Consent Form

Dear Parent/Guardian,

As part of our 1 to 1 Device Program, we require your consent to allow us to prepare your child's device on school site and install specific profiles on their device.

We request this consent for the following reasons:

1. To allow us the ability to distribute and manage your child's iPad using specific management profiles
2. To allow us the ability to restrict and monitor your child's iPad by using specific management profiles

The management profiles we will be installing onto your child's device are deployed by JAMF and Apple School Manager. JAMF is a Mobile Device Management tool that gives us the ability to monitor and place school appropriate restrictions on the device.

Apple School Manager is another management tool that allows us to supervise and manage your child's iPad. For more information please refer to our 1 to 1 Devices for Learning Handbook which is available on our school website.

I \_\_\_\_\_ give consent to Coburg North Primary School to:

1. Set up my child's iPad on the school site
2. Install the profiles from JAMF and Apple School Manager onto my child's iPad for the remainder of their school year/s at Coburg North Primary School.

I have checked my child's device storage limit to ensure this meets the guidelines in accordance with the 1 to 1 Personal Devices for Learning Handbook.
