

At the start of the school year I will visit my classroom and meet my teacher to do some activities together. The teacher will be so excited to see you.

This is a time for my teacher to get to know me better.

My parent will wait outside the classroom. This is a good chance to practise saying goodbye.

My teacher will ask me some questions from the computer. There's no right or wrong answer, it's just what I think. It's okay if I don't know the answer. All I need to do is try my best.

The first time I visit I will do some maths questions. My teacher will have some teddies and other things for us to use.

The second time I visit, my teacher will ask me some questions about words and the alphabet. We will also look at some books together.

If I need a break I can ask my teacher. If I finish early I can have a little play in the classroom.

My teacher will also show me where my bag goes and I can find my tub.

The things my teacher asks me will help them to know what I need to learn at school. They will put my answers in the computer.

My Mum, Dad, family member or guardian will pick me up at the end of the testing time. I will come to school twice to do activities with my teacher.
